### Ingredients:

- 4 C fresh blueberries
- 2 additional C blueberries
- ½ C Sugar
- ¼ C Cornstarch
- 1-2 Tbsp Lemon juice
- Zest of one Lemon

Combine in a non-reactive pan over medium heat until blueberries are bubbling and mixture thickens. Remove from heat.

Add additional 2 C of blueberries to the mixture and pour into prepared pie crust.  
Add top layer pie crust – I free handed stars on the top crust.

Bake at 350\* for 50 minutes. I ended up baking an additional 10 minutes, waiting for the crust to be golden brown and the mixture bubbling.
